PROFESSIONAL OVERVIEW

Shopify Fronted Developer with experience building accessible, high-performance e-commerce websites and conducting WCAG accessibility audits for international organizations. Experience in Shopify theme development, Liquid, JavaScript, and collaborating with cross-functional teams to deliver accessible digital experiences.

WORK EXPERIENCE

Shopify Developer, Port80 Webdesign · Fulltime

Feb 2024 – Present

- Developed and customized Shopify themes using Liquid, HTML, CSS, and JavaScript.
- Built responsive, accessible, and high-performance storefronts from Figma designs.
- Implemented custom sections, metafields, and them features tailored to client requirements.
- Collaborated with designers, QA engineers, to deliver production-ready features.

Accessibility Consultant, Panoptik Global · Contract

Nov 2024 – June 2026 · Remote

- Assigned to the World Health Organization (WHO), Geneva Headquarters, to conduct accessibility audits.
- Collaborated with developers to review accessibility findings and recommend remediation solutions.
- Participated in accessibility review meetings to discuss issues and validate accessibility fixes
- Verified accessibility improvements through follow-up testing against WCAG standards.

IT Specialist, Panoptik Global · Contract

Jun 2023 – Jun 2024 · Hybrid

- Provided technical support, database administration, and system maintenance.
- Assisted users in troubleshooting software and hardware issues.
